2009 DOWNRIVER JUNIOR FOOTBALL LEAGUE RULES

DOWNRIVER JUNIOR FOOTBALL LEAGUE

PHILOSOPHY

The Downriver Junior Football League's Purpose is to provide a healthy, typically American, body-contact sport for the average youth.

Starting with the premise that youths will play football anyway, anyhow, and anywhere, the League directs this activity to proper playing fields, provides the best protection equipment and competent instruction.

The League recognizes as valid the usual criticism leveled at programs of this type, that being that the good done by the program as a whole can be outweighed by the harm derived from the undue mental pressures placed upon players of this age by the need to win. The program places emphasis on good sportsmanship, teamwork and team discipline by players, coaches, and all representatives of the franchise, which is to say, perhaps, that winning at any cost is what is de-emphasized.

Therefore, the weight limitations are designed to tailor the program for the average youth of 7 – 13, the youth who, in most cases, will not otherwise have the opportunity during their school career to participate in the contact sports. Combined with the age limitations that provide for three different teams within a unit, there are achieved equal competitive standards during game participation.

The players play a good and hard game, and half lose each time, as it must be. The Downriver Junior Football League wants the half that loses to be proud of the game they played and the way they played, too. With that purpose accomplished, the League can be proud of its program.

 - (a) Special Patches may be attached to uniforms as provided in the Michigan High School Athletic Association Hand Book, and with special approval of the Downriver Junior Football League.

RECOMMENDATIONS

A. To Officials

1. Penalties should be called against teams, players, or coaches only when the imposition of the penalty will give advantage to the team of the violated. It must be kept in mind that the age of the participants, and experience of the coaches, is different from other types of contests.
2. We want Game Officials to feel that they are part of our Player Instruction Staff, both as to the technical and the sportsmanship aspects of the game of football.
3. Game Officials are requested to report incidents and examples of improper coaching to the Head Official and to the Downriver Junior Football League.
4. The Downriver Junior Football League expects professionalism at all times in the conduct and performance of the Game Officials while on the fields or when present at any games.
5. Game Officials are requested to use discretionary judgment in assessing Team Sportsmanship Points for both un-sportsmanship penalties and personal fouls.
6. Game Officials are instructed to display a DJFL issued hat, which displays a number that corresponds with a Roster of Officials submitted by the Head Official. Each Member Organization will receive the Roster of Officials no later than the Annual Roster Exchange Meeting.

B. To Coaches:

It is understood that all Coaches in the D.J.F.L. are volunteers who, under contract to the League, have agreed in their individual contracts to conform to the Rules of the Downriver Junior Football League and the League Philosophy.

The standards of performance and behavior for our coaches are high, as they must be, to provide the quality of training necessary for the children participating in our programs. The Players and Cheerleaders our Coaches are working with are between the ages of eight and thirteen years. Children of these ages are eager to learn, anxious to please, and expected to be highly impressionable.

Coaches must be constantly aware that they are official representatives of the Member Organization for which they are serving. As members of the community they can expect to be in the presence or line of sight of a child from their member organization at any time or any place. The behavior of coaches anytime or anywhere, both on and off the practice and game fields, may have impact on the children or their member organization.

In addition to teaching the skills required for the playing of football, or cheerleading, our Coaches are charged with the responsibility of teaching their teams, by example and precept, to respect their member organization, the League, and contest officials. Further, the Coaches must be supportive of any adverse decisions by any of these parties by refraining from critical comments in public, in the media, or in the presence of the children.

The Coaches are also to develop, communicate, and model policies for children's conduct and language at practice, during competition, and at all other appropriate times.

2009 DOWNRIVER JUNIOR FOOTBALL LEAGUE RULES

The expectations of the Downriver Junior Football League include the acknowledgment by the coaches that their role's as mentors to the children will be more important than the winning or losing of games. Those who are not willing to make their best efforts to meet these standards would be well advised to step aside for those who would.

While football and cheerleading are the activities for which we gather, these activities are truly the least important of reasons for the existence of the Downriver Junior Football League and our member organizations.
